Held 1-1 meetings with 150+ farmworkers to address their concerns and confront the spike in dangerous labor conditions due to COVID.

Organized to provide PPE to 1,500 workers.

Continued the fight to win immigrant access to MA driver’s licenses.

Laid the groundwork to co-launch our new Fairness for Farmworkers legislative campaign, fighting for statewide benefits and protections already guaranteed to most other workers, such as overtime pay and eliminating the sub-minimum wage.

Held cooperative workshops to support our members in gaining the skills needed to build their own worker-run business. This spring, the Riquezas del Campo Farm, the first worker coop we’ve incubated, is entering its 3rd season. We plan to support other members in launching more coops in the years to come!

Expanded our Mutual Aid Committee to meet the rise in food insecurity. Distributed over 40,000 pounds of food to over 600 families in Western Massachusetts, along with face shields, cloth masks, and herbal medicines in partnership with the People’s Medicine Project.

In April 2021, both sanctuary leaders—Irida Kakhtiranova and Lucio Perez—walked free after over 3 years of fighting deportation orders!

Grew our staff of 5 up to 8. To accommodate this growth and honor some deep self-reflection that came along with it, we have begun to plan for a big internal restructuring. Our goal is to better practice democratic decision-making, grassroots leadership, and anti-racism.
